

YOUTH BUYS AUTO, SUITS OF CLOTHES AND JEWELRY

Also - Appointed Secretary-Treasurer and Cook to Construction Company

REMARKABLE STORY OF HIS AMBITIONS

Criminal Settings of Supreme Court Open With Twenty-Three Cases

The story of a youth's remarkable ambition was related today in the Supreme Court before Hon. Justice Walsh and a jury Denis Blais being charged with passing worthless checks at Edmonton. An order by E. N. Cope, well-known counsel for the prosecution, the accused had represented himself to be manager of a construction company. In this capacity he reported a salary-treasurer and a cook, both at his salary and then proceeded to fit himself out in a manner becoming to his position.

From W. A. Thompson's clothing store on first street he obtained suits and other wearing apparel to the value of \$115. For this amount he gave a check on the bank of Montreal. Then from D. A. Kirkland, Ltd., jewellers, Jasper avenue, he bought a stick pin, value \$4, giving another check. His next purchase was an automobile which he secured from R. Duplessis, Short Street, paying \$100 down by means of a check, the balance of \$700 to be paid later. He then generously offered to take Mr. Duplessis junior for a ride and they drove to Wetaskiwin, where Blais was arrested.

The accused pleads not guilty to the charge of false pretences and is represented by L. T. Buckley. Accused maintains that he expected that the checks would be met as he had other checks payable to him which he intended to deposit. At Wetaskiwin he deposited these checks in the bank.

The accused gave evidence on his behalf just before the adjournment.

Twenty-three Cases
There is a list of 23 cases to come before the court. Ten were spoken to at the opening of the court and pleas of not guilty taken.

The cases of Arthur Smith charged with an attempted offence against the Customs at Mirror Landing and Joe Wilson, charged with seduction of a young girl at Port Cornwall were allowed to stand over till the next sitting. The case against Roland Crean, of defamatory libel, for having published in his paper "Noway" that

certain parties were thieves and robbers, was also stood over till the next sitting. Other cases for trial are as follows:

A. P. Piquette, Forgery.
Jas. Welsh & Frank Gaffney, (Non-jury) false pretences.
Fred Wilson, Rape.
Felix Thuzan, Attempted Rape.
Almond H. Hubbard, False pretences.
Winfield D. Smith, defamatory libel.
Anthony Muller, Fraudulent taking and keeping.

N. W. Gillette, false pretences.
Jas. W. Fairbrook, false pretences.
Jas. Prentice and W. P. Wright, false pretences.

Helen George, theft from the person.
J. T. Holford, (non-jury) conversion.
Charlie Cahill, (non-jury) theft of watch.

H. H. Rhodes and David Staveley, (non-jury) theft of wagon.

Albert Crux, breaking.
Gee Chong, conversion.
Charles Mah Doon, extortion.

P. J. Blom, keeping disorderly house.
A. L. Salmon, (non-jury) false pretences.

101ST REGIMENT ROUTE MARCH ON SUNDAY, SUCCESS

The first of a series of route marches was held on Sunday, by "B" company of the 101st regiment. Leaving the barracks about 10:30 they were led by the band as far as Tenth street, the company then marched to Laurier park, where after being put through a series of drill or military tactics by Col. Sgt. Stewart Irvine, the company partook of lunch after which two or three hours were spent in sports and pastimes to the enjoyment of everybody. The company was accompanied by their popular officers, Capt. G. B. McLeod, and Lieut. Sims who by the way deserve great credit in making the outing a success. Captain Elliott, Capt. Elliott, Col. Sgt. Atherton, Lt. Sgt. Adams and the heliograph staff also accompanied the party. After having spent an enjoyable and profitable outing the company marched back to headquarters and dispersed.

Notes—Col. Sgt. Stewart's A-1 tug-of-war team is sure team. A certain member of the company small in stature but a perfect demon with the single stick.

There is no end picking for a rugby team in the company.

By the way! We had our Mascot with us, "Dusky," a dog which is only one of the company got "cold feet" or "more feet."

The company are expecting to hold many more of these outings in the near future.

Young men desirous of joining the 101st should see Lieut. Sims or Col. Sgt. Stewart Irvine on Tuesday or Sgt. Stewart Irvine and Tuesday or Thursday.

Dr. P. A. Cunningham, of Marietta, O., recently grafted skin from his own body on burned portions of his wife's body. Now she is suing for divorce, alleging cruelty.

ROBBERS HELD HIM UP BUT FAILED TO SECURE THE MONEY

To be held up at the point of a gun by two masked men and asked to hand over a large sum of money which he was supposed to have in his car and to get away without being hurt, is the unpleasant experience through which Frank Henderson passed while on the road from Peace River Crossing to Edmonton.

In speaking to a Capital reporter Mr. Henderson stated that he had just completed a deal by which he sold several lots in the Peace River district and was supposed to have the cash with him, but as there was a little difficulty in the deal he did not have the cash with him and he started for this city without it. About half-way to Edmonton he was stopped by two masked men, who at the point of a revolver asked him to "hand over the dough." It took some time before Mr. Henderson could convince them that he had not the money.

It is the opinion of Henderson that the men knew that he had put the cash in his car and they did not want to watch or anything when they found out that he had not the money with him. Henderson now considers himself fortunate that he did not quite complete the deal and that some little difficulty arose as otherwise he would have been several hundred dollars poorer.

The trip was made in auto and Mr. Henderson declares that he has never known a more dangerous journey in the present time, he states that in some places the road is almost impassable and it is no uncommon sight to see a car stuck in the mud. It took him just five days to make the trip from Peace River Crossing to Edmonton.

EDMONTON WILL HAVE ONLY EXHIBIT FROM WEST AT EXPOSITION

Edmonton made a master stroke of business in a publicity way last winter, when George M. Hall, industrial commissioner, made arrangements for an exhibit for this city and district at the 100 years of peace between Great Britain and the United States. One of the chief features will be the gardens, some moonlight night through the canyon, with a Canadian Northern and a C.P.R. train, with their headlights flashing around sharp curves and across the chasm. Mr. White agreed with the premier that it would make the greatest impression on the world, especially if there were shown on the peak; but Mr. White said the exhibition is the grade. "And I have it," he said with a smile, "more than a mere touch of pride. It is the best grade, and more than that, it is the best railway in America. It has not and never can be equalled. Now that it is done, I'm looking for a suitable phrase to describe it—the Perfect Grade. From Port Mann we rise with the river—the true water grade—just as the many of the railway grades. The last we have is the four-tenths of one per cent, the cheapest hauling grade known to the Rockies."

Going west, with the knowledge of a clear track, thirty-five miles an hour, the special train will take the canyon.

If speed counts for anything, what Mr. White has claimed for the line appeared to be true on the return journey. The party left Hope at 6:30 and reached Wetaskiwin shortly after 9. It was a glorious evening and with many straight stretches of track 30 miles an hour was frequently attained and that over rough ground which had been unattended by sectionmen since the tracks were laid more than a year ago.

A. C. Shaw, of Winnipeg, general passenger agent of the C.P.R., is in the city today.

The secretary of the Mine Owners' association of New Hazelton, B.C., a mining center of considerable importance as they can this season do so by modern transportation methods. J. C. Lay, manager of the Air Line Navigation company, which is operating a fine new boat, "The Lily of the Lake," on Lesser Slave lake, between Sawridge and Grosart this year, yesterday sold no fewer than 28 tickets for the trip. One can take the Canadian Northern to Athabasca, then boat via the river and lake, or the Dunvegan to Sawridge, via accommodation train, thence boat across the beautiful lake.

It is stated semi-officially that the C.P.R. will run another train into Edmonton, beginning May 31. At present a train runs from Wetaskiwin to Edmonton and back six days a week, passengers between the city and points between Hardisty and Wetaskiwin. With the latter train, which leaves less than 100 miles from the city, the new schedule, it is said, will provide for the trains to run from Hardisty to Edmonton, or possibly from Edmonton to Hardisty, thus giving a through-daylight service.

Philippines in 1913 brought \$14,000 worth of whisky from Scotland.

IN THE PARLOR CAR Railway and Shipping News.

"I was more than satisfied. We went today over a splendid roadbed, over an exceedingly well-built and substantial railway. Speaking for myself and I think all of the party, I say that my hopes for this line have been more than realized by the construction we have seen today. The smoothness of riding over the line was amazing."

He spoke Sir Richard McBride, premier of British Columbia, after riding on a special train recently over the new Canadian Northern line between Port Mann, the Pacific terminus, and North Bend, the first divisional point, with a number of prominent men in political, commercial and railway circles on the coast.

Those in the party were guests of P. H. White, chief engineer of the Canadian Northern system, who for four years has resided in Vancouver directing the construction of the line between that city and Edmonton. In the early days Mr. White was the chief engineer of the C.N.R. when that Interprovincial engineer built many of the difficult sections of the line between the coast and the interior. For several years in the early eighties Mr. White's headquarters were at the coast, where he was in charge of the C.N.R., so that he brought to bear the knowledge acquired through as well as a long career in railway engineering when he sought to solve the problem of construction of a second transcontinental through the great canyon and on out through the beautiful level farming country to the coast.

Just because the opposite side of the canyon was in plain view, and the profile of the Canadian Pacific tracks passing like a water moving picture show, the premier did not allow the party to forget that they were travelling by the Canadian Northern. The finished C.P.R., with its great steel bridges and masonry abutments, were many times commented upon.

"Had I been here," said Sir Richard on several occasions, "notice the road on this side and the masonry walls supporting the tracks under us, just as they are across there," he declared, emphasizing the stability of construction of the C.N.R. The premier's artistic imagination—as well as political ability. He wishes to take a trip some moonlight night through the canyon, with a Canadian Northern and a C.P.R. train, with their headlights flashing around sharp curves and across the chasm. Mr. White agreed with the premier that it would make the greatest impression on the world, especially if there were shown on the peak; but Mr. White said the exhibition is the grade. "And I have it," he said with a smile, "more than a mere touch of pride. It is the best grade, and more than that, it is the best railway in America. It has not and never can be equalled. Now that it is done, I'm looking for a suitable phrase to describe it—the Perfect Grade. From Port Mann we rise with the river—the true water grade—just as the many of the railway grades. NEW SAFETY DEVICE MARKS ADVANCE IN RAILROAD OPERATION

By order of president, E. J. Chamberlain, the Grand Trunk and Grand Trunk Pacific railways are building into each of their passenger cars a new safety device. This is declared by experts to represent the most notable advance that has been made in car construction in modern times. It will make the telescoping of cars in accidents practically impossible as it holds the body of the coach to the truck in such a manner that the two cannot become detached by sudden shock.

The detachment of the superstructure from the heavy steel truck and the consequent telescoping has been responsible in the past for most of the injuries to passengers in railway accidents. The Grand Trunk has enjoyed an enviable reputation for its safe carriage of passengers and the officers of the company believe that with the introduction of this latest improvement combined with the reinforcing of the vestibules of the passenger coaches which have been going on for some time past, along with the provision of a high tension buffing device in the trucks (used in absorbing sudden shock, there will be a still further diminution in the small percentage of travel which is hurt.

In adopting this new device it has been the object of the railway to provide for the travelling public the very greatest assurance of safety that could be obtained by mechanical ingenuity.

Hitherto the only means provided to protect the body of the car from moving off the trucks has been the ordinary two-inch king pin. But, with the introduction of the new device, an increase in the dead weight of passenger coaches, some stronger medium of adjustment between the truck and the car was found to be necessary. After considerable investigation the car department, presided by Mr. Chamberlain, for his approval, a device that appears to have solved the problem of preventing telescoping of body and truck. This device is not at all intricate; indeed, simplicity and strength are its chief characteristics. It consists of two large forged steel keys pass through the center plate of the truck, holding the body of the car in place and top and bottom. These two keys are separated and spread apart by the insertion of the ordinary king pin. Although simple in design this interlocking apparatus holds the body of the car down to the heavy steel underframe in a tenacious fashion resisting the heaviest of shocks.

With this device in use the meeting of two trains would in all probability be attended by little injury to passengers. The heavy shock or impact in collision is met by the heavy steel underframe of modern cars, assisted by the springs and buffers. The trucks, even in the most severe collisions, generally remain on or near the rails, their bodies being held together by their great weight. When an undue impact takes place, the trucks of the car are held together by the heavy steel keys, carried forward by its great momentum, the application of the air brake acts, necessarily, only on the trucks. Some sort of a brake was desired for the body of the car. This has now been obtained. The interlocking device acts as a brake on the superstructure.

The new device, as well as the Grand Trunk, is building this interlocking apparatus into many of its passenger coaches. The new device and plans were submitted to an independent firm of engineering experts for their opinion on the continent and their report says:

"We are particularly interested in the reinforced vestibule and the truck locking device, the latter being a very important safety feature to which but little attention has been paid in the past. It is self-evident that if the trucks are locked to the bodies, then in a derailment the retarding effect of the dragging trucks will tend to keep the cars in alignment, and the whole train as a unit will be brought to a sudden stop in a shorter distance. A local derailment of a double-header train last summer illustrated this. The trucks of the car were held together by the heavy steel keys, carried forward by its great momentum, the application of the air brake acts, necessarily, only on the trucks. Some sort of a brake was desired for the body of the car. This has now been obtained. The interlocking device acts as a brake on the superstructure."

Wednesday's Grocery Bulletin

Full of Delicious Suggestions

And by the way!—leaving the good things themselves for attention a little further down the page—aren't you proud of the new Grocery order Department—or perhaps you haven't seen it?—Just as tidy as your parlor,—fitted with rational chairs and neat little tables,—encircled by railing that shines like a Porter's Brass Buttons.

You Come In.—You Sit Down

You feel at ease,—no fluster,—time to think what's needed in your pantry,—and an attendant is at hand to furnish you inspiration. Our experienced "Grocery" man, Miss McDougall, takes your order intelligently. If you'd care,—a dainty cup of tea is ready.

Now For Your Order.

E.C.D. Butter, 2 lbs. 58c
Hudson's Bay Family Tea, 3 lb. tin \$1.00
Scott's Midtown Oat Flour, Special, per tin 29c
Vineyard Tomatoes, 2 tins 25c
Domoloes Molasses, Regularly 20c, Special 17c
3 tins of California Peaches, Apricot or Pears, 2 1/2 lbs. Regularly \$1.05, Wednesday Special 89c
1 24-lb. sack of "Seal of Quality" Flour;
1 16-oz. tin of H. B. Baking Powder,
Regularly \$1.10; Special 95c
Lyles' Golden Syrup, Special, per tin 19c
50 only Heinz Apple Butter, Regularly 65c,
Special 54c
Groceries—Phone 6141. Ask for 14 or 15.

"Tonight Only" Groceries

Launching a Great Sale on a Broad Sea of Enamelware

The entire Hardware Store will be spread with enamelware on all sides—enamelware and to spare,—we vouch that you won't find a space of any consequence occupied by aught but enamelware.

Kettles, Cans, Pots and Pans, The Whole Kitchen Family

Of Utensils will be there with their faces shining,—every one so irreplaceable in appearance and quality, that the pot can't call the Kettle back.

Housewives, Keepers of Hotels, Restaurants, Everybody!

Will find their opportunity in this sale to refill the Kitchen with excellent long-lasting enamel articles, of daily use. The sale starts full speed ahead at 8:30 sharp.

Any Piece Just Half Price

Provide Yourself With Flags for the 24th

On Sale Wednesday at
Half Price

Canadian Ensigns, Union Jacks, Stars and Stripes, Shields, Streamers, etc., all on sale Wednesday at exactly half price. This is an opportune time to supply yourself with flags for the "24th," for your summer camp and for every other purpose. We enumerate a few of the sizes of Canadian ensigns and Union Jacks, mounted on sticks.

- Size 2 1/2 x 4 1/2 in.; regular 6 for 5c, Wednesday, 12 for... 5c
- Size 3 1/2 x 6 in.; regular 4 for 5c, Wednesday, 8 for... 5c
- Size 5 1/2 x 8 in.; regular 2 for 5c, Wednesday, 4 for... 5c
- Size 8 1/2 x 13 in.; regular 50 each, Wednesday, 2 for... 5c
- Size 16 x 26 in.; regular 12 1/2 each, Wednesday, 2 for... 5c
- Size 20 x 36 in.; regular 25c each, Wednesday, 2 for... 25c

Another Remarkable Clothing Sale Involving More than 200 Men's \$15 and \$18 Suits Wednesday's Price \$10

Edmonton has never before seen such wonderful clothing values as we have been offering in the past week. If you will come down tonight and see them in our window you will realize that the big values of the past week are now being surpassed. It is simply a matter of buying when the manufacturers had to dispose of their surplus stocks. Their spring and summer season is now over and whatever goods they have on hand is regarded as being in the way and must be cleared regardless of cost. We went into the market and picked up many hundreds of suits under these conditions. Needless to say that we got them at a large concession from regular prices. The result is these big bargain offers to you. On Wednesday handsome tweed and worsted suits in various shades of grey, brown and tan, sizes 35 to 44, are offered at a price that should bring hundreds of men to our store at **\$10.00** 8:30 in the morning. These suits are on sale at

CROWN PRINCESS' BOOK OF POETRY IS PRAISED

Bucharest, May 18.—The literary critics are kind in their comment on the volume of poetry called the "Lily of Life" by the Crown Princess Marie, the beautiful daughter of the late Duke of Edinburgh. It is in German and published in Bucharest.

The volume is illustrated by the well-known German painter Hans Buchner and the proceeds of the sale go to charity.

Village Wiped Out.

Escanaba, Mich., May 18.—The entire village of Alfred, thirteen miles from this city, caught in the march of a forest fire, was wiped out late yesterday. The inhabitants lost all their possessions and had to seek safety in the Escanaba river, where they remained for hours.

been the first in the province to provide advanced manual training, domestic training, domestic science and preparatory technical courses, the school board, having already located a site, is now planning how best to design the building to be built by utilizing to the full the present technical building and the new high school at the educational needs of the community will be served to the best advantage.

MEETING NEEDS ALBERTA CITIES IN EDUCATION

Progress of Provincial-Department Dealing With Technical Training.

CONFERENCE WITH LOCAL AUTHORITIES

Fine New Buildings for Practical Subjects Are Being Equipped.

Since the Hon. J. R. Boyle, minister of education, announced his intention to develop a provincial policy for technical education, as outlined by James C. Miller as director, considerable work has been done. The organization of the new department has been developed somewhat owing to the fact that Mr. Miller has had to continue to act as principal of the Normal school at Edmonton until the close of the recent session, and was also assigned the duty of representing the department of education at the recent agricultural conference held at Ottawa under the chairmanship of the Hon. Mr. Burrell, minister of agriculture.

During the months of March and April the director has conferred with the school boards, boards of trade, trades and labor councils in Medicine Hat and Lethbridge, and given public attention on technical education in each of these cities. Addresses have also been given and conferences with school authorities held in Cardston, Macleod, Raymond, Stirling, Warner, Claiborne, Vermilion and Red Deer. In each and every center the authorities and citizens were keenly interested in the new development involved in the policy of the minister of education. The sympathetic and active cooperation of the local communities with the provincial director in making the industrial and educational surveys necessary to develop technical education, and needs, promised most favorable for the successful development of the work represented by this new department.

Conferring with Cities
At the present time Mr. Miller is conferring with the educational authorities in the cities of the province, and securing from them information needed by him to make the schedule of provincial grants in aid of the various phases of technical education.

Before returning to Edmonton the director will visit the following towns to look local condition and needs—Bainville, Banff, Blackfoot, Pincher, Poncha, Lundbreck, Hume, Hillebrand, Frank, Blainville, Coleman, Lethbridge, Medicine Hat, Medicine River, Hinton, Hays, Gleichen, Lacombe and Westlock. In the mining centers special attention will be given to the needs of the children of the miners who are over 14 years of age and not in the school, and to the educational needs of the miners themselves with a view to providing special classes during next session.

The summer session for teachers to be held at the university of Alberta in July and August is under the direction of Mr. Miller. Courses are offered in agriculture and school gardening, domestic study, elementary manual training, and the work of domestic science, household arts, physical training and the arts. It was expected that the large number of applicants would be limited to 25, but as this number has been reached already the minister of education is considering raising the limit to 125. Special arrangements have been made whereby the school teachers may be in attendance and take courses specially organized to enable them to deal more effectively with the technical subjects in the schools under their supervision.

Medicine Hat Plans
In Medicine Hat, after a careful consideration of the city's present and future needs by the local educational authorities, the school board and the provincial director, plans for a new complete high school have been prepared and accepted, and the construction of the building will be proceeded with as soon as the estimates are sold. The building will be a three-story structure, and will provide for the following:

- 1. Administrative offices for the school board and superintendent.
- 2. Offices for specialists.
- 3. School gymnasium, with locker, bathing and swimming pool in connection therewith.
- 4. Three rooms for commercial department.
- 5. Class rooms for academic instruction and library.
- 6. Laboratories for the various sciences taught in high school.
- 7. Full accommodation for courses in domestic science and household arts—kitchen and dining room, sewing, dressmaking, millinery and laundry.
- 8. Accommodation for special instruction in music (including instrumental and art).
- 9. A splendid assembly hall with band and dressing rooms.
- 10. Accommodation for shop work, fitting bench work in wood, wood turning and wood working machines, iron work, forge work, machine shop, automotive, foundry practice and electrical equipment.

The school is designed and located so as to meet as fully as possible the needs of night class students as well as day students, and the building, when completed it will be an institution which will find its contracts with educational authorities, and the community and will be an institution of which the city may well be proud.

Lethbridge also, is facing the problem of additional accommodation for high school students. While this far city the educational needs of the community the south has the honor of having

CROWN PRINCESS' BOOK OF POETRY IS PRAISED
Bucharest, May 15.—The literary critics are kind in their comment on the volume of poetry called the "Lily of Life" by the Crown Princess Marie, the beautiful daughter of the late Duke of Edinburgh. It is in German and published in Munich. The poetess, who is following in the steps of her famous mother-in-law, and many of the critics praise her the hand of Carmen Sylva in the line. It is more probable that the daughter-in-law has imbibed the mother's spirit. Carmen Sylva is nearly blind now.

The volume is illustrated by the well-known German painter Hans Siemund, and the proceeds of the sale go to charity.

Village Wiped Out

Escondido, Mich., May 15.—The entire village of Alfred, eighteen miles from this city, caught in the march of a forest fire, was wiped out late yesterday.

The inhabitants lost all their possessions and had to seek safety in the Escondido river, where they remained for hours.

THE GAY WORLD.

The last reports from Government House as to the condition of Mrs. Bullock at twelve o'clock today is that she passed a very restless night, and her condition is far from satisfactory. Doctors Ferris, Allan and Laidlaw were called in this morning in consultation, but they could suggest nothing further than had already been done to improve her condition.

Mrs. West of Westdale came to Edmonton yesterday to attend the musical festival.

Mr. Pearson, manager of the United Typewriter company, returned yesterday from a ten days' trip to Fort George.

Rev. Thomas Powell is leaving on Thursday for Calgary to attend a meeting of the officers of the general Methodist conference of Alberta, of which he is president. The general sessions of the conference meets next week in Calgary.

Grace Church and their friends are contemplating a picnic on Victoria day at Cooking Lake.

Mrs. S. H. Muttart returned this morning from Gaspé, Quebec, where she spent a month with old friends. She was accompanied home by her mother, Mrs. Henry Davis, who will remain a year or two in Edmonton. Mr. Muttart joined them in Calgary, where he spent the week-end.

Mrs. and Miss McKenty of Lacombe arrived yesterday and are the guests of Mr. and Mrs. P. T. Butchart, Seventh street, for a few days.

Under the direction of Capt. Edwards and Lt. Sandford a social will be given this evening in the Salvation Army Barracks, South side, this evening for which a program has been prepared and refreshments served. All are welcome.

Miss Margaret Poucher is expected up from Red Deer to spend the holiday with her parents Mr. and Mrs. W. H. Poucher.

Mr. and Mrs. W. J. MacCann of Hull city are registered at the Hotel Piedmont, Atlanta, Georgia.

Mr. Harry Nolan, a student of the University graduates of the 1914 class, has returned to his home in Calgary.

The marriage of Miss Ivy M. Parish, daughter of Mr. and Mrs. Wm. Parish, and Mr. Frank J. Pyle, both of Edmonton, takes place this afternoon at four, in the First Baptist church. Rev. F. W. Patterson will officiate.

The marriage of Miss Shaughnessy, daughter of Sir Thomas and Lady Shaughnessy, and Mr. René Redmond, is announced to take place in St. James' Cathedral, Montreal, on Wednesday, June 2, at eleven o'clock. The groom to be is a nephew of Mr. Milton Martin of this city.

Mr. and Mrs. K. J. Logan and Mr. and Mrs. Walter Gilpin are leaving soon for a month's outing at Gull Lake.

H. J. Logan is ill.

H. J. Logan, ex-M.P., Amherst, N.S., visiting his sister who lives in North Edmonton, was taken ill Sunday morning and is still confined to his room.

Newport, R.I. is to have a new central police station.

Canoe Club Holiday Special

The Edmonton Canoe Club is making a special effort to give its members and friends something special and worthwhile on Victoria day, May 25. Arrangements have been made for two special trains which will give a three-train service each way during the day; trains leaving C.N.R. depot at 9 a.m., 1:30 p.m., and 8:15 p.m., the last two trains stopping at 16th and 24th streets. Trains returning will leave St. Albert at 5:30 p.m., 7:30 p.m., and 12:30 p.m. also stopping at 16th and 24th streets.

The Sturgeon river is now nicely open and free for navigation and more canoes are coming to the club daily. The committees in charge are arranging for a day of sports for the entertainment of all who may be present and it is the intention to have the club house open to all club friends during the afternoon. Fine orchestras in attendance afternoon and evening.

In the evening there will be a special dance for club members and their friends when the summer season's program will be opened. At this dance it will be necessary for all members to have their membership tickets for admittance. This is important and members are specially requested not to forget. If you have a friend who wishes to take in this dance send their name to room 165 Broadway, Thomas Black and an official invitation will be forwarded by mail, or phone 4413.

Popular dances are becoming so popular that in order to take care of the attendance properly the above system is being carried out. The members are requested to help their officers by being prompt and forwarding names when invited.

This excursion is open to everybody, societies, clubs and organizations, or anyone is invited. The best is an ideal spot for the family to spend the day and the banks of the Sturgeon are unsurpassed for luncheon. Tickets can be obtained at the Dominion Cigar Store or Deane and McNeill and all information from any officer of the club.

Humane Society.

The Edmonton Humane society met yesterday afternoon in All Saints' churchroom for the regular monthly meeting. Inspector Down presided, a growing interest of the public in the work of the humane society, and many are calling up and reporting cases of sick and abused animals.

The month's report is as follows: 59 complaints; 12 people summoned; 25 convictions; 91 reprimands; and 25 sick animals aided.

The next important business of the afternoon was the decision, at the suggestion of Manager Stark of the Exhibition, that the society offer a prize at the coming agricultural exhibition for humane work. Arrangements and details to be decided upon later.

Band Competition.

Moore, Jay 19.—Following a decree of the city council the Sixtieth anniversary of the city band is open competition last night, the winners to handle the city grant of \$1,000. The former aggregate was with 72 percent, against the lower 62 per cent. Mr. Hodgson, professor of music at Regina college, was the adjudicator.

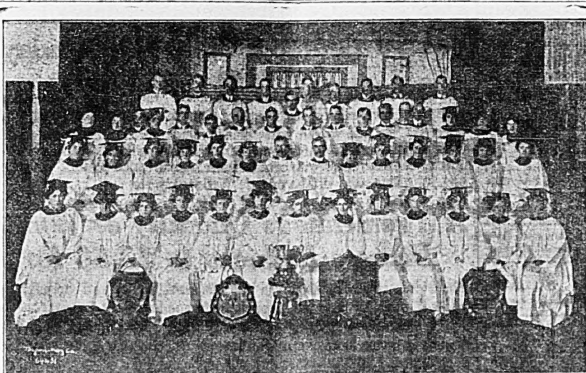

St. George's to Meet

The Royal society of St. George will hold an important general meeting in room 201, C.P.R. building, Thursday evening at 8:30. Englishmen and Welshmen are cordially invited to attend.

Lovers' Alphabet

- A for the Arms round each other entwined.
- B for the Beat of two hearts combined.
- C for the Court that is usually paid.
- D for the Devotion of one man and maid.
- E for the Eyes that look all they can't say.
- F for their Faces that give them away.
- G for the Gifts that both lovers bestow.
- H for the Hands that are loth to let go.
- I the Indifference they show to the weather.
- J in their Joy when we leave them together.
- K is for Kisses, I'm sure you know well.
- L is for Love with a capital L.
- M for the Meals which neither can eat.
- N for the Nonsense they talk when they meet.
- O for the Orange Blossom for the maid all in white.
- P for the Parson who ties them up tight.
- Q for the Question he shows in their eyes.
- R the Responses we never can hear.
- S for the Silence while he finds the ring.
- T for the Trouble he has with the thing.
- U for the Union which now is complete.
- V for the Vestry where couples retreat.
- W the Wedding March after the knot.
- X is the letter that ought to be shot.
- Y for the Yell as they drive out of sight.
- Z for the Zeal which inspired me to write.

ALL SAINTS' CHURCH CHOIR, EDMONTON.

Winners of many of last year's trophies.

All Saints are the holders of the large choir shield, ladies' chorus shield, off the coveted trophy last year with 34 points out of a possible 100. The choir's success this year is being held in the First Presbyterian church and the keenest interest is being taken by competitive choirs and soloists from all parts of the province. Dr. A. S. Vogt, the conductor of the famous Mendelssohn Choir of Toronto and W. H. Hewlett, Mus. Bac., are the adjudicators at this year's festival.

The male chorus of this choir carried off the coveted trophy last year with 34 points out of a possible 100. The choir's success this year is being held in the First Presbyterian church and the keenest interest is being taken by competitive choirs and soloists from all parts of the province. Dr. A. S. Vogt, the conductor of the famous Mendelssohn Choir of Toronto and W. H. Hewlett, Mus. Bac., are the adjudicators at this year's festival.

Theatres and Picture Shows

DAINTY MARIE IS A TREAT FOR THE EYE EMPIRE THIS WEEK

Those who saw the Orpheum vaudeville at the Empire last night agreed that the Berlin academy of arts was right when it pronounced Dainty Marie physically perfect. It is a treat to the eye to witness such symmetry, grace and agility as the Orpheum star presents. Her development and her action show what remarkable results can be attained by proper living and the use of the various parts of the body. Dainty Marie sings in the midst of her physical performances, which would headline ashore in themselves. Her singing and gymnastic work, taken together, make something really worth going to see and hear. To the thinker, to the man or woman who takes an interest in the things about him or her, to the physical culturist and to the scientist, such as a biologist, Dainty Marie represents the very highest in the animal kingdom. That all the thousands of years have produced—she is the acme of physical perfection in femininity.

The Orpheum bill this week again has a double headliner, Laddie Cliff, the renowned English "boy" dancer and singer, dividing the honors with Dainty Marie. Laddie is right on the spot again with more songs, wit and repartee than any other. He is so vivacious, so full of life, that he can hardly either sing or dance alone, but must do both at once. His role as a "Johnny" was especially appreciated at yesterday's afternoon and evening performances. The best way to describe his whole

turn would be to say that he was encased after his repertoire was apparently exhausted he retired very nicely one of Holbert Service's little gems about "sticking to it." Laddie Cliff's performances are welcome reliefs from the usual run of songs and dances.

This is a novelty act of great merit on the week's bill, provided by Jackson and McLaren, champion acrobats of the world. The speed with which this pair can use the saw and the axe is a revelation even to those who have seen the old-time woodmen in the forest. They give an exhibition of throwing axes at an upright board, also of splitting with an axe on apple in the bare hand. The act ends with a real wood-chopping contest, and the way the chips fly, the very few moments the contest lasts would make the largest trees in the Canadian forest look like little willows.

If it were not for Laddie Cliff, the scatered, singing, dancing and taking of McMahon, Diamond and Clemence would do for a headline attraction. As it is, it certainly does not weaken the bill but adds to it. McMahon, Diamond and Clemence are an accomplished dance and he has two able partners in Helen McMahon and Ella Clemence.

Still another act with dancing of a high order in it is offered by Lancelotti and company, assisted by Eddie Allen; and another with singing by the Hilde trio. The former company also introduces some clean, sprightly comedy and the latter some violin harmony for the lovers of music.

Reuter brothers, described as the acrobatic wonders, open up the show with a remarkable exhibition of muscle work.

CLEVER MUSICIANS AT THE PANTAGES—MANY GOOD ACTS

Good music and laughter are happily mixed in five acts at the Pantages this week. It is a program full of melody and mirth, and although all of the acts are of a sort seen a dozen times in vaudeville, each in its turn is so cleverly enacted and high-class in its line that last night's large audience were more than pleased. The bill opens with good overture and motion pictures, the latter in itself a sure cure for the blues.

The Alpha Troupe of hoop rollers and diabolos experts are the best in their line ever seen here. Hoops and more hoops is their specialty, and in the best hands of the experts they are made to do everything but talk. The act is splendidly staged. Rolling hoops, running hoops, hopping hoops and bounding hoops, and some of the stunts they are made to go through are truly clever and interesting. It is about the best of its kind ever seen here.

If you like to hear a "Coon Town Wagon" just hear Galloway and Roberts at the Pantages. They're O.K. both in their wrangle and their songs. It's a clever piece of colored amusement, full of good jokes and clean fun. Perhaps the best number on the bill, at least judging by the amount of applause given the article, was the musical act of the Gullerini Four, novelty musicians of high order. The four apparently comprise a family and make a big hit, and justly so. The cornet, violin, trombone, accordion and saxophone are all used with equal ability by various members of the troupe, but what caught the crowd last night was the playing of the four on the accordion. Time after time they were recalled and each time added more

Health and Beauty Answers

BY MRS. MAE MARTYN

DOLLY: When my scalp is itchy I use a scalp and hair tonic which can be made at home for little cost by adding 1 ounce quinine (get from your drug store) to 1-2 pint alcohol. Rub a little into the scalp twice a week quickly and permanently relieves irritation, overcomes dandruff and corrects faulty condition of the scalp. The continued use of quinine tonic restores the former lustre and soft luster to faded, "straw" hair and insures an abundant and beautiful growth.

FRANCES: When your eyes smart and ache, try this harmless and very excellent eye-remedy: Into 1 pint clear water put 1 ounce cryates. Dropping 2 or 3 drops of this in each eye relieves smart, stinging or ache. It also strengthens tired muscles and banishes "gritted" lids. Using it restores the youthful sparkle and expression to dull listless eyes.

MISERABLE: Here is a simple formula for relief from over-fatness and a genuine flesh-reducer: Into 1-2 pints hot water dissolve 4 ounces parmesan. Take of this 1 tablespoonful 3 times a day. This parmesan treatment is gradual and positive in its action and does not require dieting or vigorous exercising. When the weight is sufficiently reduced the figure will be plump and the skin smooth and clear.

NIAD: Here is a very fine lotion for cleansing and beautifying the skin. Dissolve 4 ounces spermacin (from your druggist), in 1-2 pint with hazel or hot water and add 2 teaspoonfuls glycerine. Apply to face, neck and arms and rub lightly until it vanishes. This is invaluable and imparts an exquisite tint and velvety smoothness to the skin. The use of this spermacin lotion will remove the oily, sallow, unhealthy color and add a touch of refinement to the daintiest complexion.

praise upon their act. One of their number, a small boy, apparently not more than twelve years old, proved himself a real musician and made a big hit.

Barnes and Barron, styled as real Hebrew comedians, are quite above the ordinary of such acts and get away well with plenty of funny sayings, funnier songs and uproarious actions and cut-ups. The slim gentleman is about the alimmet and gaudiest seen on the local stage.

Little Hipp, the small acting elephant, and Napoleon, the chimpanzee comedian, furnish a good act as the closing number. Acting elephants have been seen before, and Little Hipp is quite the rest of them, only smaller, but the actions and capers of this half-man-half-monkey are enough to give anyone the jim-jams. He's about as near human as anything could be without being able to vote. This chimpanzee wears pants like a man, smokes like a man, roller skates, uses his hands, and shows a great deal of intelligence. The whole act is good.

Union Official Here
Charles S. Hall, of Seattle, Wash., northwestern organizer of the International Printing Pressmen and Assistants' union is in Edmonton on official business.

MRS. A.T.B.: No woman who prizes her hair will use soap, which, because of its very nature, makes the hair streaky, brittle and unmanageable. Try camellia-oil—just dissolve a teaspoonful in a cup of hot water and rub briskly as you pour it on the hair and scalp. This makes an abundance of rich, cleansing lather that is very soothing to tender, itchy scalps. Rubbing leaves the scalp immaculately clean, and each strand of hair will be soft, shimmery and full of health. Camellia shampoos are splendid for correcting unnatural conditions—excessive oiliness, dryness or profuse dandruff.

JULIA: The pimply, blotchy condition of your skin is due to accumulated poisons. Take the following old-fashioned blood-cleaner and body-builder and this unsightliness will vanish: Into 1-2 pint alcohol put 1 ounce hardens (which you get from the drug store), and 1-2 cupful sugar, then add hot water to make a full quart. A tablespoonful 3 times a day is the dose. This tonic acts gently on the organs of elimination and thus increases your appetite and assists you to get the full strength-giving value of your food and tones the entire system and fortifies it against disease.

MRS. JACK: Wrinkles and fine lines are easily removed with almond cream-jelly prepared as follows: Into 1-2 pint water put 1 ounce almond oil and 2 teaspoonfuls glycerine. Stand until entirely dissolved. Cleanse the skin and dry thoroughly before using. For wrinkles apply freely and massage gently the long way of the creases. This treatment stimulates the stunted tissues and they soon resume their normal condition. When this is done the wrinkles or lines will have vanished. As a skin-cleaner and complexion restorer almond cream-jelly is not equalled, and its use not only restores the refined loveliness of youth, but protects it against the ravages of time.

CHURCHES MUST PAY LICENSE FEE HOLDING OPERATIC CONCERTS

Saskatoon, May 19.—The city council has decided to exact a license from all churches which use buildings for public lectures, concerts or theatrical entertainments. This section has been prompted by a visit from several operatic stars of international fame who sang in the churches.

Newfoundland's fishing fleet now consists of 21 ships manned by 3,714 officers and seamen.

YOU NEED MEDICINE AT THIS TIME

Everybody is more or less troubled at this season with loss of vitality, failure of appetite, dizziness, indigestion and other stomach troubles, or with pimples and other eruptions on the face and body. The reason is that the blood is impure and impoverished.

Hood's Sarsaparilla relieves all these ailments. Ask your druggist for this medicine and get it today. Nothing else acts like it. Get Hood's.

Recipes for Wrinkles and Bad Complexions

Of all the beauty recipes that have been published, here are two that have succeeded best the test of time.

Wrinkle Remedy:—One ounce powdered exsiccated, dissolved in 1 pint witch hazel. Use at a wash, either hot or cold, with excellent results.

Face Powder:—Pure milled wax, applied at night like cold cream, only not rubbed in, wash off in the morning. It causes the worst sort of skin to come off in tiny, almost invisible flakes, a little each day, until the fresh young under-skin is wholly in evidence. The beautiful rosy complexion thus obtained is not to be compared with one made over with cosmetics. If the old skin is barred with freckles, pimples or other blemishes, these defects are, of course, discarded with the skin. The use of the wax is sufficient in any case.

The ingredients named are inexpensive and can be found in any drugstore.

AMATEUR GOLF CHAMPIONSHIPS IN ENGLAND

Welcome Pitcher Bearman

Quite a nice way to start his season with Edmonton, don't you think? This pitcher Bearman's home run hit to the left field was some clout and a rather unusual prelude for any slab artist. And the beauty of it all was the fact that during the batting rally, every man took a wallop at the first pitched ball, and there was none other needed, for it was sent speeding its way outward toward Saskatchewan.

Beklimov started right in and grabbed

\$20. up.

270 Jasper Ave. East.

the bill board and apparent ball". Welcome to our city Mr. man. Fortier singled to left caught at second, but no mat runs had crossed and the oil was won.

Berger on The Mound

The balance of the game was what of a dead march. Pitcher relieved Botteroff and walk

35 7 12 27 10 0

Score by innings:

Regina	621,000,000,—3
Edmonton	100,006,00x—7

Summary—Two base hits, Williams.
Redmond. Three base hits, Povey
(2), Herriott, Fortier. Home runs,
Bearman. Pitchers' summary—7
runs, 11 hits off Botteroff in six inning;
no runs, one hit off Berger in two
innings. Sacrifice hits, Henry, J.

Game called after six and a half innings, darkness.

Smith. Bases on balls, off Bearman 6, off Berger 1. Struck out, by Bearman 2, by Berger 2. Double play Ruell to Nordyke. Wild pitch, Bearman. Left on bases, Edmonson 3, Regina 9. Time of game, 1:35. Umpire, Nelson. Attendance, 2,000.

Spokane, 7; Victoria, 3.	repeated after August 1.

HERRON-ELDER OIL STOCK

Easily the Leader in Calgary and Throughout Alberta

Crowds of eager buyers deluged every Herron-Elder office in Calgary all day Friday, Saturday and Monday. Thousands of orders were registered from all points throughout Canada, United States, Great Britain and the continent.

Work at No. 1 Well is already outlined. Derricks and timbers are being rushed to the scene of action. Nearly enough money for complete development has already been received by the company.

Just as soon as enough is in hand to cover all development **The Herron-Elder Issue will be withdrawn from the Market.**

Saturday night at 9 o'clock Stock went to Par as formerly advertised, promises having been fulfilled to the letter.

STOCK TODAY IS SELLING AT \$1.00 PER SHARE

In all probability the issue will be completed by Wednesday night. Future prices will be determined wholly on the actual merits of the stock. Just imagine what that means for the man who buys today at One Dollar.

There are two more days of opportunity.

Quick Action is absolutely required to take advantage of this pre-warning.

The Herron-Elder Well is right in the heart of present development. 10,000 Acres controlled. One site directly adjoining the Dingman gusher. Drilling starts with absolute certainty of Results.

No Further Notice will be published re withdrawal of Herron-Elder Issue.

See our Edmonton Agent and get your Application in at once. DON'T WAIT ANOTHER MINUTE.

ADDITIONAL SPORT

POOR PITCHING ALLOWS QUAKERS 11-0 SHUT-OUT

Gavin and Cann Hit Hard by Hurley's Gang—Found for Fifteen Hits.

Moose Jaw, May 19.—The Saskatoon Quakers opened the four game series with the locals at the exhibition park diamond here yesterday minus Manager Bill Hurley, who was indisposed, but it could not have helped matters any for them had he been on the job as they trimmed up the locals to the Quakers' taste, winning by a score of 11 to 0. It proved a horrible nightmare for the local fans. The Moose Jaw pitching was lamentably weak and the same was lost in this wise. Gavin opened up and was very weak, the Quakers getting to him for six hits and five runs in the three innings he lasted. Weed yanked him when he waited the first batter up the fourth and substituted Cann. The latter was also easy for the opposing batters. Beer worked for Hurley and the locals hit him hard, but not safely. There was nothing to the game but the pitching of the Quakers. Fifteen hits for a total of 21 bases explains the 11 runs. Wilson had a great day with four hits in five times up, including a double and a triple.

The score—
Moose Jaw 000 000—0 7 0
Saskatoon 104 210—11 15 4
Batteries—Gavin, Cann and Wally; Beer and Walters.

WINNIPEG CREW SURE OF GOING ENGLISH HENLEY

Winnipeg, May 19.—All doubt as to whether the Winnipeg Rowing club would send a crew to compete in the heats at the English Henley have been dispelled, for the entry of the club was sent a day or two ago. The Winnipeggers were granted a special dispensation whereby they could make a port entry up till June 1, and as a result the crew was whipped into shape and there was no doubt as to its competing before the club decided to forward its application.

BARBARIANS WIN FIRST GAME OF BRITISH RUGBY

Exciting Game Witnessed by Large Crowd—Score Was 9 to Nil.

At Diamond Park on Saturday evening the Barbarians held their first scheduled game against the Old Timers, and won by two tries. One penalty goal (dropped) nine points to nil. When the teams appeared the crowd would number some 400, and yet more were pouring in at the gates. The Barbarians won the toss, and Pinder kicked off and Rowden fielding returned to mid-field. The Old Timers forced play to the opposing 25, where Shaw clipped in, and initiated a movement which nearly opened the scoring. Sharley, Rowden and Drummond showing fine combination, the latter being well tackled by McEwan.

Good footwork by Pinder, Ford and Talley took play up field where Logan got off-side. Shaw took the kick for the Barbarians, and dropped a beautiful goal and giving the lead to his team by three points.

This reverse wakened up the Old Timers, who were now getting more of the ball, but were weak in finishing their movements, and Barbarian defense withstood. From a scrum Kelly put his three-quarters in motion, which finished by Rowden running in for the second score. Shaw failed at the kick. The Barbarians were making good use of the wind in touch kicking, and they continued to keep the game in their opponents' half.

A fine piece of individual play by Shaw nearly materialized but he was well tackled by Thompson at the corner flag, and swung into touch in goal before he could ground the ball. From a forward rush Collins crossed the line far out, and Shaw taking the place kick again failed to bring out full points. Half time—Barbarians nine points to nil.

Rowden was to the fore in making a fine opening for Roche who dropped the pass badly, and lost a certain score. The Old Timers forwards now came away with some good footwork, and rushes, and were unlucky in not scoring through Bailey, who knuckled on just on the line. Winslow opened up play for his backs, and Hunter lost a chance by kicking too hard, and gave Leonard plenty of time to get in a fine kick to touch.

The play was on the Barbarians' line when the final whistle went. Barbarians—Two tries one penalty drop, nine points. Old Timers—Nil.

On Monday, 25th, the Barbarians play Calgary, at the South Side Athletic grounds, where a fine game will be witnessed.

Larose Practice Tonight

The North Side Senators will hold a practice at Diamond Park tonight immediately after baseball game. A fun tournament.

MONDAY'S MAJOR LEAGUE RESULTS

St. Louis, May 19.—(National) Boston yesterday shut out Brooklyn in the second game of the series 2 to 0. The folding of Beck at short stop was a feature.

Chicago, May 19.—(National) Chicago bunched hits with a base on balls and an error and won yesterday 4 to 2. In the fifth Brennan doubled, Vaughn singled and Leach walked. After two were out Sever singled. Ireland threw wild to first and when Luderus recovered the ball he threw wild to Deon and before umpire Hanson called Sever out at third on account of the coaches interference the locals had scored three runs.

Pittsburg, May 19.—(National) Boston defeated Pittsburg yesterday 4 to 1. James was effective throughout. With the score 1 to 0 against them in the eighth, Boston got two runs on singles by James and Evers, Maravilla's walk and Connolly's single. McQuillan pitched the ninth and the visitors got two more on Schmidt's single, Martin's walk, Gowdy's sacrifice, an error by Wagner and a sacrifice fly by James.

Washington, May 19.—(American) Washington won again yesterday from Cleveland, 3 to 2, through the good pitching of Ayers and some fast innning. The Senators scored two runs.

In the second inning on singles by Shanks, McBride and Mueller and Morgan's double. Shanks scored the winning run in the sixth by a daring slide after McBride had been retired on an attempted bunt.

Boston, May 19.—(American) The Detroiters were defeated again by Boston yesterday, George Foster pitching another shut out game 2 to 0. He allowed the Tigers only two hits. Hooper made a brilliant catch of a ball which Crawford had smashed to deep right field and completed the play spectacularly by a throw which caught Cobb at first for a double play.

New York, May 19.—(American) By frequent use of the hit and run game, St. Louis got three runs in the eighth and defeated New York 4 to 2. James, the St. Louis pitcher, was very wild and both Yankee runs were due to his wildness. Horlick, St. Louis' pitcher, was ordered off the field by Umpire Chilli for too noisy coaching.

Pittsburg, May 19.—(Federal) Baltimore defeated Kansas City in a close game here yesterday 3 to 2. Henning relieved Stoen in the eighth inning after the latter had given away to a pinch hitter, whose single had brought in the visitors' second run.

Cincinnati, May 19.—(National) Cincinnati took an early lead, batting hard and won the second game of the series from New York yesterday 10 to 5. New

York out-played Cincinnati in the field but the latter excelled at the bat and on the bases. Demare who started the contest, for New York, lasted only three innings. Cincinnati bunched hits in the second and third rounds for a total of five runs.

Philadelphia, May 19.—(American) Philadelphia defeated Chicago in a pitchers' battle between Bender and Russell here yesterday 3 to 1. The home team won by bunting five of its six hits in the first and fifth, while Bender kept the four safe drive off his delivery scattered.

Brooklyn, May 19.—(Federal) Brooklyn defeated Indianapolis 9 to 4 here yesterday in a ragged game on part of the locals. The visitors fell on Boston in the ninth, when McEwen's homer drove in Campbell ahead of him.

Baltimore, May 19.—(Federal) Baltimore defeated Kansas City in a close game here yesterday 3 to 2. Henning relieved Stoen in the eighth inning after the latter had given away to a pinch hitter, whose single had brought in the visitors' second run.

Buffalo, May 19.—(Federal) Timely hitting combined with two of Buffalo's five errors gave St. Louis a safe lead in the first two innings. The visitors winning 6 to 3. The record for one or more home runs daily was kept up when Delahanty scored on a drive into the left bleachers in the sixth.

News of the Markets

Winnipeg Cattle
Winnipeg, May 19.—Trading at Live
stock yards on Monday fairly active
and prices unchanged for all classes
and stocks. Cattle butchers shew
were quoted 725 to 750. Cattle before
600 to 625; Extra well finished hogs
realize over these figures. Commer-
cial and medium lots were not actively
quoted. Stockers and feeders
found a ready market, 500 to
550.

Hog market is still weak and unset-
tled, prices quoted being 725 for fed
and weaned, and off-sets for choice
and hogs.
Receipts were light of both cattle
and hogs.
All quotations unchanged.
Receipts for three days ending May 18
were:
Union Tarrs cattle 145; Hogs 1,718;
Horses 25.

Chicago Grain
Chicago, May 19.—Wheat had a gen-
eral higher range yesterday influenced
by signs that heaviest dry damage would
soon be noticeable in most of the terri-
tory from Ohio to Oklahoma. Under
free port taking by the long, how-
ever, the market closed under at a
1-4 net lower to 1-2 advance. Oats
finished off 1-8 a 1-4 to 1-4.

On the other hand, a leading export
complaints of heaviest dry injury to
winter wheat came from a wide terri-
tory than on any preceding day, parts
of Nebraska, Iowa and Michigan be-
ing added to the damaged zone, and
until this morning consisted of Kan-
sas, Missouri, Illinois and Indiana.
According to goods from the west
already as compared with the prospect
may be estimated to 30,000,000 bushels.

FREE TO ALL SUPPLIERS
Special offer of our new book of the
Panama and the Canal. It is a book
of 340 pages, bound in blue vellum
cloth. It measures 9 x 12 inches
in size. The picture of the Hand Shows
the Comparative Size of the Book.

There are no expensive preparations; no time lost; use only your leisure hours; sit in your easy chair and read

Take This Trip Almost Free

Panama and the Canal in Picture and Prose

This book first takes you in through the front door of Panama—through the islands along the way, describing the natives in picture and prose; thence you are taken to the isthmus and are shown the wonders of that unknown country—the people, their strange costumes, their religions and politics, their peculiar characteristics; how they live—how certain natives eat lizards and hugely enjoy them—how they fish and hunt; their sports and pastimes; marketing bananas, shooting alligators, burning charcoal; ALL there is to know, all about these queer people, and more than has ever been told of the great waterways—from the whys and wherefores of its inception to the ins and outs of its construction—and on through to its completion—in all a beautiful human interest story that will charm the reader to the very last page.

IT IS A RARE TREAT FOR EVERYBODY

The CAPITAL

presents this book to its readers on the popular plan explained in the Panama Certificate printed daily in these columns.

Cut Out the Panama Certificate

and present this with the expense amount of \$1.20 for the \$4 volume, or 50 cents for the \$2 volume (which covers the items of the cost of packing, express from the factory, checking, clerk hire, and other necessary EXPENSE items), and receive your choice of these books:

The Large Volume
is printed from new type, large and clear, splendidly bound, with hand panel showing the famous Cut in natural colors, and filled with magnificent illustrations, many of which are from water color studies in artistic colorings.

The Small Volume
contains practically the same reading matter; is bound in blue vellum cloth, but contains only 100 photographic reproductions, and the color plates are omitted. Willis J. Abbott, America's most versatile writer, is the author of both books.

MAIL ORDERS FILLED AS EXPLAINED IN THE CERTIFICATE PRINTED ON PAGE 2 OF THIS ISSUE

To Printers and Publishers:

We beg to announce that we have started in the business of typesetting for the trade only. We have one of the best linotype plants in the west, and can guarantee a production of 300,000 ems per day; customers can rely upon a prompt delivery of all copy sent in. We quote you the following scale of prices for solid or leaded matter read corrected:

6 point 45c per 1000 ems.
7 point 50c per 1000 ems.
10 point 55c per 1000 ems.
12 point 60c per 1000 ems.

For 250,000 ems and over we cut 10c per 1000 off the above prices.

Customers are charged 12c per pound for metal, which amount will be refunded when the metal is returned, less 1c per pound for waste and deterioration.
